

Table of contents (final)

General issues in hyperkinetic disorders

1. Distinguishing clinical features of hyperkinetic disorders - A. Albanese (Milan, Italy), J. Jankovic (Houston, TX)
2. Pathophysiology and molecular pathology of dystonia and tics - M. Vidailhet (Paris, France)
3. Pathophysiology and molecular pathology of tremor, myoclonus, chorea - J.D. Speelman (Amsterdam, Netherlands)
4. Overview of medical treatments in hyperkinetic disorders - W.G. Ondo (Houston, TX)
5. Overview of surgical treatment possibilities in hyperkinetic disorders - M.S. Okun (Gainesville, FL)

Tremor syndromes

6. Essential tremor - J. Benito-León (Madrid, Spain)
7. Other tremors - E. Tolosa (Barcelona, Spain)

Dystonia syndromes

8. Primary dystonias - A. Albanese (Milan, Italy)
9. Secondary dystonias - S. Schneider (London, UK)

Chorea syndromes

10. Huntington disease and other genetic choreas - Ha and Jankovic (Houston, Texas)
11. Acquired choreas - R.H. Walker (Bronx, New York)

Tics and related syndromes

12. Tics and Tourette syndrome - J. Jankovic (Houston, Texas)
13. Secondary tics - F. Cardoso (Belo Horizonte, Brazil)

Myoclonus syndromes

14. Inherited myoclonus syndromes - E. Roze (Paris, France)
15. Segmental myoclonus - J.N. Caviness (Scottsdale, Arizona)
16. Other jerks and startles - M. Hallett (Bethesda, Maryland)

Ataxias

17. Clinical and pathophysiological features of cerebellar dysfunction - M. Manto (Brussels, Belgium)
18. Inherited and sporadic ataxias - T. Ashizawa (Gainesville, Florida)

Other hyperkinetic disorders

19. Dyskinesias in parkinsonian syndromes - C.G. Goetz (Chicago, IL)

20. Restless legs syndrome - A. Walters (Nashville, TN)
21. Tardive dyskinesias - S.A. Factor (Atlanta, Georgia)
22. Stereotypies and other developmental hyperkinesias - J.W. Mink (New York, NY)
23. Paroxysmal dyskinesias - K. Bhatia (London, UK)
24. Psychogenic movement disorders - S. Fahn (New York, NY)
